

# Material data sheet

**REG 150**

## TECHNITRACE

Electronic temperature controller  
sensor : PT 1000 (length 2000mm).

Temperature range from 0°C to 150°C

Hysteresis programmable from 1°C to 10°C

maxi intensity available : 3 A / 230 V

(to be relayed if more needed)

supply voltage 230 V : fixing on DIN rail

1 regulation point \* dimensions = 75\*90\*65 mm (2Mod)

NOTA : see 'CE' pre equipped box data sheets
